### REPORT OF SECRETARY OF MOULTONBORO VOLUNTEER FIRE DEPARTMENT

---

We have had twelve meetings and one special meeting with from eight to twenty men present.

We have seventeen men who have paid their dues in the New Hampshire Firemen's Association.

We have had thirteen fires, mostly chimney, with little damage. The Richardson School House was a total loss as very few men knew about it.

Four brush fires. The one on dump near Center Harbor, we did not have hose enough and used some of Center Harbor hose with ours to good advantage. At the Dearborn Store fire in Sandwich, the Sandwich Department had 2000 feet of hose and some of ours to reach water.

We need more hose.

The first building committee composed of Chief Lamprey, Clyde Foss and Harvey Moulton, had a contract with Pollard for \$1,338.00 to build a building on the Allen Dodge property, near the Church, which he would give the Town if they would build a fire house on it.

A special Town Meeting was called and voted to build the fire house on land of Paul Blanchard, donated for that purpose.

The building committee composed of Chief Lamprey, Clyde Foss and Harold Frye erected a fine building on this lot.

This fire building, with an oil heater and lights, was made possible by the Town appropriation of \$1,000.00. A lot of men gave work, several donated money and we

## TOWN OF MOULTONBORO

---

had a supper and speaking on the opening night.

The following is the chief's speech:

Friends:

It is a pleasure for me to formally open this fire house. Also, I feel honored to be the first chief of Moultonboro.

Our volunteer fire department is but two years old, yet much has been accomplished in that time.

Our building is all paid for even in these days of depression. And while there are many additions to be made—such as an alarm system and so forth—more hose is needed and we need a more up to date pumping system. These are the things to which we aspire.

As you see, we have a well built house, heated to keep our engine from freezing, and this means better service to you; also a room above to hold our meetings in.

Now all the foundation, cement work and grading has been done by some of the firemen, who have given generously of their time and trucks, making it possible for the town to have this building erected with the money given us. I hope the townspeople will thank these men.

We belong to the New Hampshire State Firemen's Association, which protects our men when injured on fire duty. This means a great deal to a man who volunteers to fight our fires.

I leave the thought with you that when better equipment is installed, safer are your homes.

Thank you.

Respectfully submitted,

F. HARVEY MOULTON

Secretary.

### REPORT OF SUPERINTENDENT OF SCHOOLS

---

To the Members of the School Board and  
Citizens of Moultonboro:

This report will contain hardly more than the customary honorable mention of the pupils who have been regular and punctual in attendance.

Moultonboro is fortunate in that it is able to run its schools on a very low tax. The school board have handled the funds very economically. The district has always supported liberally any request made of it by the school board.

The greatest problem is in reference to the attendance at high schools of the graduates from the eight grade.

A town pays the tuition charges but the transportation charges come on the family. Many children, I believe, are deprived of a high school education because of the transportation cost. It is a difficult matter to adjust with fairness to all. The only possible scheme that occurs to me would be to allow a refund of perhaps \$1 per week for the school year to each pupil living in Moultonboro and attending a neighboring high school. This would not cover the cost but might enable some to attend who could not otherwise and would be fair to all.

With the new attitude toward the employment of young people, it is more than ever important that they should have opportunity for continued schooling.

Respectfully submitted,

ERNEST W. SMALL,

Superintendent.

## TOWN OF MOULTONBORO

---

To the School Board and Citizens of Moultonboro:

The total registration of different pupils for the year 1932-33 was 129. Ten of these had been previously registered elsewhere.

The remaining 119 were enrolled in grades as follows:

Grade	Boys	Girls	Total
First	13	8	21
Second	9	8	17
Third	8	8	16
Fourth	15	10	25
Fifth	8	3	11
Sixth	7	7	14
Seventh	3	4	7
Eighth	6	2	8
Totals	69	50	119

There were 20 non-resident pupils in the elementary schools.

Ten pupils had perfect attendance for the year.

There were 161 cases of tardiness.

Schools were in session 362 half days with a percentage of attendance of 95 plus.

### REPORT OF SCHOOL HEALTH WORK

---

To the Townspeople, School Board, and Superintendent of Schools:

It is with great pleasure that we report upon the progress made in health in the Moultonboro schools. With the help of the Moultonboro Red Cross, which sponsored the work, a dental clinic was held and fifty-one children received much needed attention. This is the second dental clinic that we have had. We must follow up the advantage won again this year. It is not possible to do all the necessary work for a child at one time when there is a large amount of work to be done, as there was among children here. This means that a carefully planned dental program must be carried on for several successive years to get satisfactory results. About thirty children who need dental work badly were not done, because we had no written permissions from the parents. These are necessary before any work may be done for any child. Every one had a chance to have the work done free if they were unable to pay the very low rates charged. Many were done in this way who would not have been able to afford this otherwise. We were fortunate in being able to secure the services of a very skillful dentist, Dr. Roger Morrison, of Farmington.

Thanks to the generosity of the Moultonboro Grange, and the Red Cross, seven children were fitted with glasses. This cleared up most of the worst eye cases. Some of these children must go again soon for a checkup of the eyes. It is a pleasure to know that our children can study without the handicap of not being able to see the board or the book.

There were about a dozen tonsil cases to receive attention this year. We are hoping to get some of

## TOWN OF MOULTONBORO

---

this work done in the Spring. Clinic rates may be had at the Laconia Hospital and very satisfactory work is being done there when the children are brought in in small groups.

Through the Federal and State Emergency Relief Act, about twenty-nine children are being served with a half pint of milk daily in school. Cod Liver Oil is also being given to those who need a tonic or builder this winter. Nearly two dozen bottles have been given out for school children and babies. All agencies are doing everything possible to keep the health of the children as good as possible during this Winter of depression.

The following report will show the work done up to the end of the school year last June:

Visits to Schools	102
Visits to Homes	275
Total Visits	377
Days Spent	22
Pupils Examined	117
Defects Found	138—1.1 per Pupil
Defects Corrected	75—54% of Defects
Without Defect	74—63% of Pupils

It is to be hoped that we can keep the advantage gained this year in the care of our children, and at the same time make an advance in getting more things done for them. We are hindered only by lack of money in many cases. But when a determination is made to get something done, a way can nearly always be found.

Respectfully submitted,  
RUTH S. LANGILLE

School Nurse.
